## THANK YOU FOR COMING

### RACES:

- ◆ At the right of the stage is our chips and raffle tickets purchase table. (Cash Table)
- ◆ Chips may be purchased to partake in the Derby "Races Raffle" at \$5 each.
- Chips are then used at the "Betting Table" (to the left of the stage) before each race to secure a chance to win 50/50 on each horse race.
- Secure a spot on a \$5, \$10, or \$20 Race Sheet.
- Once sheets are filled, Horse numbers will be assigned randomly to each person on full "Betting Sheets" before each race and posted on a large whiteboard (at the back of the room) so you know which horse to be cheering to win.
- If your horse wins, you earn a 50/50 split for your "Betting Sheet" group. There may be multiple sheets per race.
- Claim your race winnings: We will find you or you can claim your winnings after the race at the "Betting Table." You will receive your winnings in chips and can use them to bet again or you can cash out at the Cash Table (cash in exchange for your chips).
